### Prayer For A Child

Lord, I pray for all the children,  
I lift them up to you,  
I know you love and accept them all  
And want to bless them too  
For there are so many in need of love,  
A hug from someone who cares  
Dying to hear the words, 'I love you'  
Longing to know someone's there

For many children are hurting, Lord,  
And many have lost their way  
They've never known genuine love,  
Nor been taught how to pray  
Many children have been abused  
And some have lost their lives  
And others who have broken homes  
Just want to curl up and die

Some are wandering aimlessly,  
Not knowing who they are  
Addicted to whatever they can get,  
Trying to fill an empty heart  
Lord, there are many that do not know  
How much you really love them  
Touch them, Lord, deep in their hearts  
And heal the hurt within

I pray that they will come to know  
Your saving grace, O Lord,  
To realize through you, they can be free  
From what they've known before  
It's only by your saving love  
Can they ever be set free,  
To walk with you, victorious  
And become all they should be.
