### To Be More Effective

I know I need to concentrate  
Wholly Lord on you,  
But why does that always seem  
So hard for me to do

I get so easily distracted  
With so many worldly thoughts,  
Unable to stay focused on you  
And on the things I ought

Lord, I long so much to know  
Your tender loving ways  
And to be much more effective  
When to you, I humbly pray

I need your Holy Spirit  
Filling me this hour,  
So I will be fully equipped,  
Inspired and empowered

Then I can face the day ahead  
And be ready for what may come,  
To continue to walk and to flourish  
In the things that you've begun

To bring it into maturity,  
A full completion in you  
So when others may behold your works,  
They will long to know you too.
