### When We Are In Warfare

Often when we're going through  
A time of spiritual warfare,  
Satan tries to attack our minds  
And tell us God won't hear

He tells us we don't really have  
The armour to wage war  
And that we'll never win the battle,  
We'll fail like times before

He tells us we won't make a difference,  
Especially with those we love  
The breakthrough we've been praying for  
Won't happen, so just give up

We find that in our everyday life,  
Things seem to get on top,  
We find the very ones we love  
End up copping the lot

We must be aware who's behind it all  
And not let him have his way  
Refuse to give in to anger and hurt,  
Don't give him another day

For truly we are in a battle,  
Fighting our enemy  
And though, at times, it's so intense,  
We shall have the victory

Be encouraged, my friend, to carry on,  
Resisting Satan's onslaughts,  
Holding onto our Lord Jesus Christ  
And God's word, we've been taught

For how you feel is common to all,  
Your fellow believers in Christ,  
Just know that we all understand  
When warfare is in our lives

And Jesus is there interceding for you,  
Every moment of the day  
Tap into God's heavenly power  
As your spirit continually prays.
